

# ALBERT PRIMARY SCHOOL

## YSGOL GYNRADD ALBERT

Belonging Together, Growing Together, Succeeding Together

11TH MARCH 2025

As we embark on the second half of our Spring term, all children participated last week in a fantastic Eisteddfod and Welsh Arts, Culture and Celebration Week, showcasing their incredible talents and hard work. A huge thank you to all who supported their children with competition entries; your encouragement and involvement are greatly appreciated.

This week our pupils are engaged with our STEM Week; celebrating the vital fields of Science, Technology, Engineering, and Mathematics. This initiative aims to inspire our young learners through engaging and interactive activities. Pupils are experiencing hands-on experiments, problem-solving challenges, and collaborative projects that foster critical thinking and creativity. We also welcome into school some of our parents who are enriching the week by running demonstrations and further encouraging a passion for STEM subjects in our children.

Please be reminded that parent evenings will be taking place next week on Tuesday 18th and Wednesday 19th March 2025. We encourage all parents to attend, as this is an excellent opportunity to discuss your child's progress and achievements.

### **Estyn Interim Visit**

Please be reminded that tomorrow, Estyn Inspectors will be visiting our school to conduct an interim inspection. This is an important opportunity for us to showcase the excellent work being carried out by our staff and pupils. In preparation for this visit, our dedicated staff have been working diligently to present our school in the best possible light.

To ensure a smooth start to the day, we kindly ask that all children arrive promptly in the morning. Your cooperation in this matter is greatly appreciated.
